

Razz-A-Tan Frozen Fitness Smoothie

Women want to get the most from their workouts. This whey protein-enhanced frozen smoothie provides carbohydrates to refuel muscles and high-quality protein to help muscle repair and recovery after a workout. In combination with a routine resistance exercise program, whey protein, a high-quality protein, can help women meet body-toning goals. Since whey protein comes naturally from dairy, this smoothie delivers on taste and functionality.

Market Insights:

- When surveyed, a majority of women believe there is a clear, direct link between consuming high-quality protein and body-toning benefits
- Functional beverages continue to gain popularity in today's market, and adding whey protein can contribute to muscle benefits such as muscle development and recovery for people who exercise regularly
- Leverage nutrient content claims like "excellent source of protein" on packaging to influence customer

Benefits of Using Dairy Ingredients:

Whey protein isolate:

- Boosts protein content and is easily digested and absorbed by the body
- Provides a clean, neutral taste that is well-suited to fruit flavors in beverages
- Whey protein is soluble across a wide pH range

Ingredients:	Usage Levels (%)
Water	62.68
Raspberry Base – Fruitcrown – 60 Brix	20.0
Whey Protein Isolate	4.8
Erythritol Powder – Cargill 16952	10.0
Soluble Fiber – Tate and Lyle Promitor (Soluble Corn Fiber 70)	1.6
82% Phosphoric Acid	0.8
Tangerine Flavor WONF – Biosun MZ6187815	0.12
Total	100.00%

Preparation:

1. Combine the water, whey protein isolate and soluble fiber in a tank. Mix with a lightening mixer and hydrate for more than 30 minutes.
2. Combine rehydrated fiber/WPI and remaining ingredients in a mixer, and combine with slow agitation. Adjust the pH to 3.4 with phosphoric acid.
3. Heat to 185°F for 30 seconds and cool to about 60°F.
4. Collect the pasteurized cooled product into sanitized containers and store at 36°F.
5. Place a portion of the product in a "Frozen Slushy" machine, freeze and dispense.
